## Town of Red Hook sends Scholarship Fund Thank You letter to Post 7765...

**February 6, 2009—Dear Commander Moore:** The Town of Red Hook Conservation Advisory Council thanks you for your contribution of funds for the scholarships to send two middle school students for a week at the New York State Department of Environmental Conservation's Environmental Education Summer Camp. The CAC strongly believes that educating our young people about the interdependence of humans and the environment helps the students develop the insight and skills that will help them become responsible stewards of the environment. The summer camps sponsored by the NYSDEC are a wonderful program that we are proud to promote and support.

The scholarship recipients this year are two Linden Avenue Middle School students: Moran Sitler and Becky Nesel. Both students were chosen on the basis of written applications in which they demonstrated their enthusiasm for the environment and their desire to increase their knowledge of the natural world.

We always ask that the students recognize the VFW's contribution, and hope that you hear from them. *Sincerely, Denise Barton, Member* (see the letter on the web site)
