

Please take Notice: LOCAL WOUNDED WARRIOR REPORT

This is an update on the info we got at our Post meeting Monday 10-10-11.

Lance Corporal Patrick Hawco, formally from Tivoli was serving with Co "C" 1st Bn 5th Marines in the Sangin District of Afghanistan. On Sep. 28th, while on foot patrol in an area known as the "Fish Tank," Patrick stepped on an I.E.D. receiving a shattered foot and ankle. Leg O.K. This would have been his last patrol. His unit was due to come back State side two days later.

I have been in contact with his mother and father, and actually talked to Patrick yesterday. His parents are there with him at the Navy Med. Center in San Diego, Ca. I graduated High School in Rhinebeck with both of his parents.

Please pass this notice around to other VFW members. If anyone has time to send greeting by mail to Lance Corporal Patrick Hawco. In speaking with him he sounded interested in joining our Post. I am sending an application.
